We are now Refinitiv, formerly the Financial and Risk business of Thomson Reuters. We’ve set a bold course for the future – both ours and yours – and are introducing our new brand to the world.

As our brand migration will be gradual, you will see traces of our past through documentation, videos, and digital platforms.

Thank you for joining us on our brand journey.
To address the complexity and inconsistencies of financial accounting practices and presentations, Thomson Reuters Worldscope Fundamentals uses uniform definitions and standardized statement organization to give you that competitive edge when it comes to global insights and analysis.

UNMATCHED DEPTH AND BREADTH OF CONTENT
Our extensive company coverage and content includes:

- **Financial statement items**, including standardized annual and interim statements (income statement, balance sheet, cash flow) and supplementary items from footnotes, such as pension data and stock compensation.
- **Analytics ratios**, including 450+ pre-calculated financial ratios, with annual/five-year averages covering growth, profitability, liquidity, leverage and asset utilization, alpha, beta, and return on equity.
- **Acclaimed standardization methodology**, which normalizes differences in accounting terminology, presentation, and language.
- **Per-share**, including EPS, BVPS, CPS, DPS, dividend payout, FCF, tangible book value, operating profit, working capital, and more.
- **Trailing twelve months**, including EPS, DPS, CPS, net profit, net margin, EBIT, EBITDA, funds from operations, gross margin, and more.
- **Segment level data**, including segment description, sales, operating income, assets, capital expenditures, depreciation, and SIC code.
- **Operating metrics**, provide deep insight into 15+ industries.

FLEXIBLE DELIVERY OPTIONS
Worldscope Fundamentals offers a broad range of delivery options to meet your needs, including desktop, Web-based, and data feed.

BENEFITS AT A GLANCE
- **Detailed standardized financials** – View comparisons of financial information of companies from different industries around the globe.
- **Transparency** – Gain auditability and transparency of financial line items for greater confidence.
