Refinitiv provides industry-leading debt transaction information and league tables to the global deal-making industry, with around 1 million global new debt deals since the early 1960s. Refinitiv relies upon direct deal submissions from global deal makers, coupled with rigorous sourcing of regulatory filings, newswires and company press releases to gather timely and detailed debt issuance information.

**Content overview**
Debt Capital Markets content covers all global underwritten new debt issues, including asset-backed, agencies, supranational, sovereign, emerging market corporate, federal credit agency, high-yield corporate, investment grade corporate and mortgage-backed issues.

**Database statistics**
- **Date range:** 1960s – present
- **Geography:** Worldwide
- **Coverage:** Nearly 1 million debt deals
- **Update frequency:** Hourly

**Key content highlights**
Over 1,000 data elements, including: offering terms, ratings, use of proceeds, book and co-managers, legal counsel, auditors, trustees, fees and expenses, issuer profile, filing information, type of security, coupon, maturity, offer price, yield, net interest cost, spread over treasury, put/call and sinking fund provisions, credit enhancements, guarantor type and conversion terms.

**Who uses the data?**
Investment banks, law firms, hedge funds, educational institutions, trustees and business consultants use Refinitiv Deals data to monitor and report on debt activity; perform market share analysis; identify new business opportunities; conduct lost business analysis; produce pitch books and marketing collateral; and research comparable debt deals.

Refinitiv’s comprehensive Debt Capital Markets content is sourced through direct deal submissions from global banking and legal contributors. Additionally, we make use of extensive research performed by a global team of dedicated research analysts across a broad range of sources, including regulatory filings, corporate statements, media and pricing wires to attain the most accurate information.

Refinitiv debt league tables and transaction information are published in leading global financial publications, including:
- Financial Times
- The New York Times
- The Globe and Mail
- The American Lawyer
- Forbes
- The Wall Street Journal
- South China Morning Post
- Business Week
- Fortune
Database coverage
Refinitiv includes underwritten transactions, private placements and best efforts deals in the debt database. Only underwritten deals are credited in standard Refinitiv league tables.

Timeliness
A robust series of quality assurance checks are processed daily to ensure the highest-quality content is available to clients.

Debt Capital Markets content is updated hourly on Refinitiv products.
