FX Trading: Key benefits for sales desks

- Trade confidently with the market’s most trusted independent provider of FX trading solutions
- Collaborate with the world’s largest global professional FX community. It features over 14,000 Refinitiv® Conversational Dealing users, 2,300 Refinitiv® FXall® buy-side liquidity takers and 300,000 Eikon Messenger contacts
- Efficiently execute client trade requirements with powerful order management tools for limit and batch orders
- Leverage advanced execution management capabilities, including aggregation, price distribution, algorithms and auto-hedging
- Streamline your workflow with a comprehensive end-to-end solution that offers market-leading compliance, straight-through processing, confirmations, settlement and trade history reports
- Comply with regulatory trade requirements through our regulated trading venues, the Refinitiv® Swap Execution Facility (SEF) and the Refinitiv® Multilateral Trading Facility (MTF), as well as our global trade reporting service
- Gain timely access to new functionality and other enhancements facilitated by simplified, software-based product delivery with no proprietary hardware requirements

In today’s highly fragmented and increasingly scrutinized FX market, sales desks need platforms that offer effective tools for customer collaboration, market monitoring, price distribution and customer order management – supported by complete post-trade solutions.

Thousands of customers around the world trust Refinitiv’s award-winning transactions platforms to trade more than US$420 billion in average daily volume.

Refinitiv® FX Trading is an innovative desktop platform designed to deliver the value of the entire Refinitiv FX offering to the global professional FX community.
Refinitiv is one of the world’s largest providers of financial markets data and infrastructure, serving over 40,000 institutions in approximately 190 countries. It provides leading data and insights, trading platforms, and open data and technology platforms that connect a thriving global financial markets community – driving performance in trading, investment, wealth management, regulatory compliance, market data management, enterprise risk and fighting financial crime.

About Refinitiv FX
Refinitiv FX offers the world’s leading independent source of trusted FX market insight, interbank and dealer-to-client electronic trading venues, workflow management, and post-trade and regulatory support for both sell-side and buy-side market participants.

The Refinitiv FX portfolio includes:

**Refinitiv FXall**
Dealer-to-client trading and workflow solutions for more than 2,300 institutions worldwide, including asset management firms, banks, broker-dealers, corporations and hedge funds, with liquidity from more than 200 bank and non-bank market makers.

**Refinitiv Eikon**
Pre-trade analytics, news, pricing and other expert insight to help inform trading strategies and decisions. Eikon provides access to indicative market rates, currency indices and FX benchmarks.

**Refinitiv FX Matching**
Anonymous central limit order book for spot and FX swaps trading for the dealer-to-dealer community with over 1,000 subscribers, and spot matching in over 80 currency pairs.

**Refinitiv Electronic Trading**
Powerful e-commerce solutions adopted by over 300 banks across 60 countries to shape, configure and automate FX price flows, while streamlining risk management, to meet the growing demand for electronification.

**Refinitiv Conversational Dealing**
Global professional trading community, including more than 4,000 organizations and 14,000 users in more than 120 countries.

**Refinitiv Compliance Archive**
Reconstruct, supervise and analyze your message and trade activity in an efficient and compliant way, in one unifying portal.
