We are now Refinitiv, formerly the Financial and Risk business of Thomson Reuters. We’ve set a bold course for the future – both ours and yours – and are introducing our new brand to the world.

As our brand migration will be gradual, you will see traces of our past through documentation, videos, and digital platforms.

Thank you for joining us on our brand journey.
Thomson Reuters Headlines Direct

Take action first with Thomson Reuters Headlines Direct

As markets become ever more automated, the window to profit from market events is small and ever shrinking. And with news continually driving volatility, having the fastest access to breaking stories is critical to capitalize on potential gains as well as to avoid losses. When it comes to algorithmic trading there can be no compromises.

Thomson Reuters Headlines Direct

Headlines Direct provides Thomson Reuters fastest distribution of machine readable headlines powered by Reuters News. Headlines Direct is delivered at the Secaucus, NJ. Equinix NY4 data center as a multicast hand-off ensuring fair distribution all customers. The feed’s streamlined payload structure and simplified accessibility to powerful metadata tagging has been tailored to help expedite client-side message processing. By getting Reuters News to your algorithms, you get a competitive advantage you won’t find with any other service.

Why Thomson Reuters News

Thomson Reuters does more than just deliver financial news feeds. We open the door to more opportunities, thanks to an unmatched history of breaking market-moving corporate and political exclusives, investigative reports and insights.
