Refinitiv Indices has introduced a comprehensive suite of Malaysian Bond Indices to its range, using the extensive experience of Bond Pricing Agency (BPA) Malaysia.

The Refinitiv BPA Malaysia Bond and Sukuk Indices cover the entire local bond universe and serve as the most representative benchmarks for Malaysian Fixed Income.

**Decades of experience**
Refinitiv has been calculating and distributing some of the world's best known – and most obscure, and everything in between – indices for years.

Each index is constructed using content sets with the highest data integrity.

BPA Malaysia values over 2,000 bonds daily in adherence to strict Securities Commission Malaysia guidelines, and has over 120 clients to date.

Its extensive bond database and expertise gives it the unique ability to provide the most comprehensive bond indices in Malaysia.

**Consistent and market neutral valuations**
- Long-established data collection, validation and dissemination procedures are in place, to ensure consistent and market neutral valuations
- Our experienced team of analysts rigorously maintains the indices, ensuring data quality and reliability
- Established methodology complies with EFFAS-EBC regulations

**Refinitiv BPA Malaysia all bond index series**
